

## Prayer for Iran

Dear Lord,

Your word says that the joy of the Lord is our strength (Jeremiah 8:10). Lord, we pray that the Iranian people would know the joy that only You can give. Lift them out of their depression, and the darkness that is holding them captive, and bring them into Your marvelous light.

Lord we pray that they would seek You with all their hearts, and that You would reveal yourself to them in amazing and supernatural ways. We pray for their salvation so that they can call on You and You will answer them. We pray that you would deliver them from their sadness, their marriage problems, their addictions, and their unemployment. Lord nothing is impossible for You!

Lord we pray that unjust and oppressive laws against girls and women would be abolished in Jesus name and that they would adopt laws that are fair and just. We pray for righteous leaders in this nation to rule and that unrighteous rulers would be cast down.

In Jesus name,  
Amen
