

Prayer for Saudi Arabia

Dear Father,

We thank you for the educational system in the United States, that it is so good that it draws people from other nations to go to school here. We understand that to whom much is given, much is required.

Lord we pray that the Saudi people coming to this nation to go to college would meet you while they are here. We pray that the people of our nation, both students and adults, would be a beautiful testimony of Christ-likeness. We pray that we would be good ambassadors of Your love for them and they would seek to know our God.

Father we pray for religious freedom in Saudi Arabia, that your Gospel will advance unhindered by our enemy. We pray for a righteous government that would treat women with the same rights and privileges that men receive. We pray that you would open their eyes and turn them from darkness to light and from the power of Satan to your dear Son, that they would receive forgiveness of their sin, and a place among those sanctified by faith in You.

It is in Jesus name we pray, name above all names!

Amen
