

Prayer for Somalia

Dear Lord,

We declare that You are the desire of all nations, including Somalia (Haggai 2:7). We ask that you would fill Somalia with Your glory. This nation that is lost because they have no government leading them, we ask that You would be their leader.

Lord we ask that you would end the practice of using children as soldiers, not only in Somalia, but in every nation that practices this. Father put the fear of the Lord in those that are forcing children into militia groups to fight their battles. We pray that you would dismantle the schemes of the enemy against these children and war on their behalf.

Lord we ask for healing in this land, that it would receive rain, grow crops to feed the people, and peace and unity would develop among all Somalians and between clans. It's in this peace that we ask that You will reveal Yourself to the people. As they call on you dear Father, make peace their governor and well-being their ruler (Isaiah 60:17).

Thank you Lord, in Jesus name,
Amen
