

Prayer for Uzbekistan

Dear Lord,

Your word says “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Lord, Uzbekistan is persecuting your little children, and police are preventing them from attending worship services. Even the media is attacking parents who allow their children to attend!

Help them to stand strong oh Lord! Make a way for them to hear your name and receive your gift of salvation!

Lord, rescue the little children who are being forced to work in the cotton fields without safety practices in place, and the equipment needed. It is hard to know from this side of the world the real story behind these harvests Lord, but you know. You know if they are being treated badly. Father we ask that you protect them from evil and keep them close to Yourself. Let all children in Uzbekistan receive a good education.

In Jesus Name we pray,
Amen
