

Prayer for Eritrea

Dear Lord,

Today we lift up our prayers to you for the nation of Eritrea. Father, we ask that you would bring hope and help to this nation. They have suffered so greatly in wars and famines and only You can bring the healing they need.

Father, we pray for the children who want to leave the country that you would cause them to go back home and stay with their families. Lord, I pray that this fire you have put in them to desire change would be used to change their nation for your glory.

I pray for the persecuted Christians, that you would shield them from their enemies and hide them under the shadow of Your wing. I pray that the Christian oppression in this nation would become known around the world and other governments would put pressure on Eritrea to change. I pray that the torture would be exposed for all to see and that it will stop in the name of Jesus.

I thank you that despite the persecution the house church movement is growing. Please help the Christians to preach Christ whatever the cost, and without compromise.

It's in Jesus' name we pray.

Amen
