

# FRONTLINE *kids*

JUNE 2011

## What's up with Frontline Kids?

Frontline Kids was created to provide curriculum, tools, resources, and opportunities for parents and teachers to equip children to do the work of the ministry of Jesus Christ, locally and world-wide.

After many years of teaching kids and adults about the nations and religions of the 10/40 Window, the plight of children at risk (orphans, street kids, victims of trafficking, poverty, etc), and Christian persecution, we have filed for our non-profit status. Our desire is that through this filing, our partners will be able to give to the projects that are on God's heart. Many of these projects will be in accordance with James 1:27, to help care for orphans and widows in their troubles.

If you would like to know more about us, or are interested in partnering with us, please visit our website at [www.frontlinekids.net](http://www.frontlinekids.net), or write [cristy@frontlinekids.net](mailto:cristy@frontlinekids.net).

Our site is in progress and will continually be updated as projects, resources, and tools are added.

## Frontline Kids Class- Winter 2011

It is so sad to see our 10/40 Class come to an end! We worked hard learning about the nations and religions of the 10/40 Window. We studied India, Thailand, North Korea, Japan, Israel, Benin, and Morocco. We learned about Tribalists, Hindus, Unreligious, Muslims, and Buddhists (remember THUMB?). We laughed, prayed, cooked, bowled, and created together. We even enjoyed a Jewish seder meal! We have learned a lot in a short period of time. I look forward to our summer outreaches! Check out our schedule and let us know when you can attend.

## Focus: James 1:27

In June, Frontline Kids will be partnering with Harvesters Reaching the Nations ([www.hrtn.org](http://www.hrtn.org)), operating orphanages in southern Sudan. At these orphanages, children are not only offered a home, they are equipped with a Christian education.

They are badly in need of non-glass baby bottles, antiseptic ointment, peroxide, rubbing alcohol, baby tylenol, benadryl, hair bows, headbands, pencil boxes, protractors, markers, highlighters, ivory soap. Please let us know if you can help with these items.
