

Prayer for Egypt

Dear Father,

We thank you for the garbage dwellers of Cairo and their testimony of bold faith. Lord, they are such an example to us of how to reflect your glory even in very difficult conditions.

Lord, we ask that you would assure them of their importance in their work, and the voice of the enemy would be silenced in their lives. We ask that you would prosper them and increase their standard of living economically, and that they will boldly proclaim "look what the Lord has done for us!"

Father, be their defender! Let the persecution against them stop in Jesus' Name and let the praises of the Lord be on their lips always.

Amen
