

Prayer for Qatar

Dear Lord,

We praise you that churches are rising up in Qatar, and that you have used this Islamic government to give land to your children for these churches. We pray, that despite denominational differences, the church will be in unity in all truths of your Word. We pray that you will use them as a powerful force to draw native Qataris to Yourself.

We pray in the name of Jesus that Your glory will fill the land of Qatar and persecution will no longer exist. Let the Christian media in the form of radio, books, and Bibles enter this nation unhindered. Let everyone that doesn't have access to who You are be given an opportunity to hear the Gospel.

We thank you that students are coming into your kingdom as they travel to the West to study. Please Father, give them the courage to return home and share their salvation and their Savior with their families without retribution.

Amen
