

## Prayer for Algeria

Dear Father,

We thank You and praise You for all You are doing in the people of Algeria. We thank you for those who have boldly shared about Your son Jesus at the risk of persecution. We thank You for the lives that have been saved and changed through the Truth of Your word. We thank you that the church is growing in Algeria!

Lord, we ask that you will protect those who have received you as their Lord and Savior. Protect them against persecution, against the enemy who would want to steal their new life from them, and from the temptations that this world has to offer. Assure them of their eternal life with You and that it is worth so much more than anything this world or Islam can offer them

In Jesus Name we pray,  
Amen
